

d/Discover

d/Discover is a study skills service provided by the LRC (library). It can help you with:

- Finding information for your study and research
- Finding good quality sources for your assignments
 - Formulating search strategies
- Using iCat (library catalogue) and journal databases
 - Tackling web searching and e-resources
- Keeping up with what is published in your subject
- Referencing and using referencing tools (Refworks)

d/Discover can also answer any queries you have about using the Learning Resources Centres (LRC) at KU.

The LRCs contain study material, research material, computers, laptops, printers, study tables, group study rooms, cafes, help desks and other services/resources to help you in your studies.

To search for electronic and physical sources in the LRCs, you need to use iCat (<http://icat.kingston.ac.uk>.)

iCat can also be used to access your library account and your subject help blog.

Your university ID card is also your library card and can be used to borrow items from the LRCs.

Using d/Discover

Penrhyn Road campus:

Visit the 2nd floor Help Desk in the Penrhyn Rd LRC
(10.30-17.30 on weekdays)

Roehampton Vale campus:

Visit the Camm Centre Help Desk
(8.30 – 17.30 on weekdays)

If you can't make these times, you can also email enquiries through to discover@kingston.ac.uk or contact your subject librarian.

Your subject librarian is available via phone, skype, email and for 1-2-1 appointments.
To arrange a meeting please use the emails below:

Aerospace and Aircraft Engineering	Karen Butcher	K.Butcher@kingston.ac.uk
Computer Science	Josh Chapman	J.Chapman@kingston.ac.uk
